**MESSAGE FROM DR. WOESTMAN**

The district's Strategic Plan Team met on October 11 to review data and other information for use in developing a shared understanding of where the district is today with regard to performance. After breaking down into small groups, each consisting of students, teachers, board members, union leaders, parents, community, and administrators, the team reconvened and created a Strengths, Weaknesses, Opportunities, and Threats (SWOT) analysis.

As your thoughts and ideas are a valuable part of the process in creating conditions for our students to achieve at high levels, please take a few minutes between now and **October 28** to review the 1-page SWOT analysis and provide your feedback.

## RAMP Honors Mr. Matt Ross

Director of Special Education, Mr. Matt Ross, was recently honored by the Regional Access and Mobilization Project (RAMP) with its Youth Advocate Award given for leadership and dedication to students with disabilities.

"Matt Ross and the Belvidere School District continue to provide RAMP with opportunities to try new programs for their students with special needs. This past year we piloted a high school employment program and are now in the process of bringing a very exciting program, Project Search, to the district and community.

These opportunities were made possible thanks to the leadership of Matt Ross who believes in the abilities of all students." – Amy Morris, Development Director
